

Register of Business Interests 2019/2020

Multi-Academy Trusts (MAT) must have a register of relevant business and pecuniary interests of their Members, Trustees and Local Governors.

As good practice the Enfield Learning Trust request all staff to complete a register of business interest but these are not published on the website.

The published register must be published online, and must include details of:

- Directorships, partnerships and employments and businesses
- Trusteeships and governorships at other education institutions or charities

For each interest, the MAT must record the name of the business, nature of the business, nature of the interest and date it began. The Academy Financial handbook says the register must be kept up to date through regular review.

The register must also include any material interests arising from close family relationships between the MAT Members, Trustees or Local Governors, and relationships between Members, Trustees or Local Governors and employees.

The Department for Education (DfE) advises that the above requirements apply to both a MAT copy of the register and the details that the MAT publishes online.

Beyond the statutory requirements outlined above, whether something should be declared and recorded as an interest is largely up to each individual's discretion. However, if there is any doubt as to whether something should be recorded as an interest, it is best for the Member, Trustee or Local Governor to declare it.

For example, it may be best to declare:

- Membership of any professional bodies
- Any gifts or hospitality offered to Trustees or Local Governors
- Contracts held by Trustees or Local Governors that involve the school or MAT

As well as declaring any such involvement on the register of interests, Members, Trustees and Local Governors should be given the opportunity to declare interests of this sort before meetings, so they can withdraw from the discussion of relevant items of business.

Register of Business Interests' Information 2019/2020
